Strike Campaign Threatened By

London, Oct. 1. Secretly elected dockers' leaders today threatened a new campaign of unrest in Britain's main ports unless their demands were met. They warned the Union: "Act or we take action."

Grouped together in port committees, declared illegal by the Union, they called for a "dockers" charter" to give them higher pay, longer holidays and pensions.

Canada Ready To Send 10,000 Men For Lurope's Army

Kingston, Ontario, Oct. 1. The Canadian Prime Minister, Mr Louis St. Laurent, said here that Canada would be willing to send her special army force of 10,000 men to Europe as part of an Atlantic Pact force.

He qualified the statement by saying, "provided the Korean incident is successfully terminated before too long a time has elapsed, the special force would be available for service as part of a deterrent police in Europe if its employment there would fit in effectively with the joint plans."

It was the first official public Indication that Canada would

when a neighbouring country organises

the nationals of another for the plain

purpose of attempting a coup d'etat.

Nevertheless, it would doubtless be futile

to expect the Chinese Reds to do any less

than they are doing, but it would be wise

on their part not to go any further. They

could not expect the United Nations to

take even the present degree of interven-

tion without protests, at least, once proof

Chinese troops could bring another Korea

and certainly it would make a major

conflict possible. Indo-China menns a

great deal to Asia and to the world in

general. If it falls to the Communists,

Siam and Burma and later Malaya and

Indonesia would be endangered. Indo-

Chinese rice production is vital to South-

east Asia. If the Vietminh forces have

been strengthened, so have the French

and Victnamese. The summer has been

used to good purpose. It is unfortunate

that the French are receiving little help

from the Emperor Bao . Dal, but there

are grievances on both sides there. The

French still retain limitations on Viet-

anti-Vietminh nationalists. There is no

denying the fact that France is holding

Red Resistance Fading Rapidly Along Battlefront

(FROM A DAILY EXPRESS STAFF REPORTER)

Tokyo, Oct. 1. Southern troops massed one mile inside Communist Korea tonight after puncturing the 38th Parallel a few minutes before General MacArthur's noon demand for a Red surrender.

The South Korean 3rd Division pushed across the border up the dusty twisting east coast road, following a vanguard patrol into Yangyang.

Patrols returning to the main body reported no opposition and American pilots said there was no sign of Communist activity for 20 miles north of the Parallel along the east coast.

Beauty Advice For The Matron

By HELEN FOLLETT

THEN hair stylists create coit-W fures for the white-haired customers you can be sure that they will be simple of line, have smoothness and dignity. The scrambled hairdo puts the older women completely out of beauty form. A few rngtags and bubtails, and they look blowsy. The effect must be nothing less than perfect.

If the hair is abundant and of course texture, a waveless arrangement, may suffice, the growth is thinning, and the face thows signs of birthdays in the form of lines, then waves and ringlets are in order, forming a sott, flattering trame. Severe undulations will call attention to defects that como in the autumn of life.

Vienna Workers Issue Strike Ultimatum

Vienna, Oct. 1. The Communist "Volksstime" today frontpaged the decisions of the Communist-sponsored conference of Works Councillors held yesterday under the banner headlines: "Ultimatum for Tuesday-If refused, strike throughout the land on Wednesday."

The decisions were to demand a doubling of the compensation to the workers or a legal price freeze and a guarantee of no new devaluation.

An appeal was made to workers not to listen to the gone home leaders, but to obey the committee elected yesterday, "Action Committee" of strike movement.

Hongkong's swimmer of the year emerged out of semi-obscurity on the final night of the Colony Swimming Championship finals on Saturday and it was high time after having played second fiddle to his younger brother for two years,

William Teo, who is a good few years older than younger brother Cheong Kin-man, who reigned supreme at the Championships from 100 yards to 880 yards, won the 50 Yards Free Style in 24.2 seconds and that without the competition of former record-holder George Saunders, who had set the old mark of 24.4 seconds in

the heats in 1947. What does 24.2 seconds for the 50 Yards Free Style represent by world standards? The shortest race in the Olympic Games is the 100 Metres and the distance is swum in a 50-metre pool.

The record 22.8 seconds and 24.2 seconds is good enough for the final. It is certain, except in rare instances, to reore a first, second or third place in a dual meet.

American colleges supply the bulk of America's Olymple and international awlmming teams.

Style record is 55,8 seconds. That was equalled on Saturday, night at the Victoria Recreation } Club. Yale or Michigan would be happy to have a 55.8-second ; swimmer on their freshman In a lean year they might be happy to have him on the college team.

HIS BEST

Cheong Kin-man's best performance at the Championships was his 2 minutes 22.8 seconds, in the 220 Yards Free Style. If he can take off another four seconds of that time next year he may find himself in line for an athletic scholarship in the United States. Talk of British racing circles today is 14-year-old Lesler Piggott, who has just ridden his 40th winner against senior jockeys and is, therefore, losing his apprentice's allowance and becoming one of the turf's youngest senior jockeys in history.

Piggott, whose father and grandfather were jockeys, has been admired by racing experts for his quick and sound judgment during a race and for his amazing finishes.
